

## Policy 541 – STUDENTS - CHEMICAL USE/ABUSE

### I. Purpose

The School Board recognizes that chemical use and abuse constitutes a grave threat to the physical and mental well-being of students and employees and significantly impedes the learning process. Chemical use and abuse also creates significant problems for society in general. The School Board believes that the public school has a role in education, intervention and prevention of chemical use and abuse. The purpose of this policy is to assist the school district in its goal to prevent chemical use and abuse by providing procedures for education and intervention and to maintain a safe and healthy environment for students.
